Notice of Cancellation

As we all know, the situation presented by COVID-19 is changing the world we know quickly. Throughout the Province scheduled events that bring groups of people together are being cancelled due to the government’s order to prohibit organized public events of more than five people.

This is an unprecedented situation and requires actions that take the health and wellbeing of our members into consideration. For that reason, we regret to inform you, that the Spring Meeting/ AGM of the Garlic Growers Association of Ontario originally scheduled to take place at the OMAFRA building in Woodstock on April 18th is cancelled.

However, our work continues. The clean seed committee is putting together their suggestions for guidelines to be used for the sale and distribution of clean seed. Once the Board has endorsed that work a newsletter will be sent out to members outlining how to order roundels for the fall of 2020. The information will also be posted on the GGAO web site.

At this time, we are still planning to hold the field day, scheduled to take place in West Lincoln (Smithville) Ontario on June 13th. Speakers who were scheduled to speak at the April meeting are being asked to attend and make their presentations at the June field day event.

We thank you all for your understanding and will keep you informed as best we can as COVID-19 implications force us to alter our plans.

On behalf of the Board of Directors,

Stay safe and we look forward to seeing you later in 2020.

Joann Chechalk

GGAO President
